

J.V. BASKETBALL

BYE BALLERS

This year was not only filled with amazing Varsity basketball teams, both the boys and girls JV teams were very successful. Skill and hard work were shown throughout the season as most of these young talented ballers swung up to the Varsity team. Starting out early in the year these dedicated players spent hours at open gyms for pre-season conditioning and this hard work was definitely reflected in the successes of their season. Both these teams are filled with young and talented players that make the next few years of Hutch promising.
