

## **Sounds Scavenger Hunt**

In groups of 3-4 use our video cameras and the appropriate microphone(s) to capture the audio listed below. You will then need to create a simple cuts-only video showing the video clips one right after another. Please include a black screen with a title at the beginning of each section indicating the number and subject matter.

	On-Camera	Cardioid	Super-Cardioid

### Tips:

- Don't wander all over school for this most of these can be done in one single location
- Use headphones to monitor your audio capture live and ensure:
  - o Your Mic is working
  - o Your audio is clean
- Give plenty of pre-roll for editing video together afterwards
- Check-off sounds on this paper as you capture them
